20th April 2021

Good afternoon everyone,

Hope you are all well and enjoyed the Easter holidays, our children have been telling us all about the Easter bunny and what fun they had in the garden searching for eggs.

We have updated the termly newsletter with items your child needs at preschool, if you can have a look through and purchase any items and bring them into preschool please.

The sun is shining which is wonderful news for our children, please could children have sun hats and sun cream to be left at preschool, unfortunately we can let children share sun cream due to allergies, if children haven't had sun cream applied in the morning before they arrive and do not have any sun cream in bags due to safety we will have to keep them inside or in a shaded area.

We will be starting Forestry sessions again, this may be a set day due to keeping staff and children safe, we are waiting for confirmation of when this is due to start.

Breakfast, extra days and After school club - Some days we may not be able to accommodate children for extra hours/days due to our wonderful numbers, which we may have to turn children away if its short notice. Please could you book early, this will give us time to arrange staffing.

Covid Symptoms - We would like you to be vigilant and if anyone has any symptoms please could you have a test, lateral flow tests are for families if you have not got any symptoms. Any children who has been given calpol please could you keep your child at home and contact preschool.

Please could we ask children have appropriate clothing for this time of year, preschool uniform with trousers/ leggings or jeans with Velcro shoes or trainers, and wellies to be left at preschool. We are having to explain to children they cannot go outside due to inappropriate clothing or no hats and gloves. All children need finger gloves to be left at preschool. As the weather is getting warmer please could children have a sun hat, shorts and t-shirt for our 'movement and wiggle' (PE lesson).

Please could we ask you check your child's communication book after your child has attended preschool, we write notes about extra nappies or wipes, your child's day or maybe a question we require an answer, reminding about items to be brought into preschool etc, it saves us having to keep chasing with an email.

Could we still ask preschool children to be collected before primary school children at afternoon pick up as this prevents lots of bubbles mixing outside the preschool door. We are having lots of children gathering and running around with other children which is a risk and if a child tests positive at school this could close our preschool bubble and will inconvenience lots of families who may have to work..
